

## The Chinese Zodiac

2008	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018	2019
Rat	Ox	Tiger	Rabbit	Dragon	Snake	Horse	Goat	Monkey	Rooster	Dog	Pig

Each Chinese New Year is marked by one of the animals of the Chinese Zodiac. There are twelve of them and they follow a sequence. 2013 is the Year of the Snake. The table above shows the sequence of the animals across a twelve year period. Using this information, can you find out the answers to these questions?

1. What animal's year will it be in four years time?
2. What animal's year was it five years ago?
3. What animal will it be in seven years time?
4. What animal was it eight years ago?
5. What was the animal in the year you were born?
6. When will it be the Year of the Snake again?
7. In what year will the animal have feathers?
8. What will the animal be for the year when the next Olympics is held?
9. What animal was it for the year 2000?
10. How many Years of Snake will there be in the 21st century?
