

## Winter Dominoes

A simple word recognition matching game for 2—6 players.

Print off the 7 sheets of cards (for best results set printer settings to **A4**). Laminate, and cut each page into 4 tiles, horizontally in pairs, giving 28 cards. Deal cards out to players (4 or 5 each) and place rest of cards in middle of the table.

Ask players to pick up their cards and ask who has the double snowman card ( i.e. a picture of a snowman and the word **snowman** (If no one has that card, ask who has the double jumper card.)).

The next player clockwise has to match a snowman card from their hand with the snowman card laid.

Initially, it can be either a picture or a word.

Double cards are placed at right angles to the chain.

If a player has no snowman card, they must pick a card up from the pile, this constitutes their turn.

Play continues until one player has played all their cards and is called the winner.
